## Your complete Furniture Source for Professional Design, Layout & Installation

When it comes to furniture for your office, you want to make sure you're getting the best combination of form, function and value. SCS Office Products has a team of specialists with a broad array of office furniture solutions. We offer complete space planning, design and furniture installation services. We'll visit your workplace, assess your needs and work with you to create the most efficient, attractive and comfortable work environment for your budget. If you're building or renovating, we'll work with your architects or contractors to make the most of your space. Our team will create 2D and 3D renderings of your workspace, so you can see how your new office will look before your order is placed. Once your furnishings arrive, our experts will assemble and install them to perfection, so all you have to do is get to work! You can count on SCS to get the job done...start to finish.

Whether you need just a few chairs or complete furnishings for a new office, you can count on SCS for selection, style and value. Choose from a huge assortment of name brand furniture to meet your needs and your budget.

### *Space Planning & Design*

At SCS Office Products, our on site design staff will help you get the most out of your office space. We can create professional layouts for systems workstations, office suites, conference rooms, reception areas and more. We can combine form and function for every space, right from the start! We can even show you full color rendering of your new office before you purchase, using 2 dimensional and 3 dimensional views from our state of the art design planning software.

### *Delivery & Installation Services*

When it comes to delivering furniture, some suppliers will only drop off boxes on your dock. SCS will uncarton and inspect each piece prior to loading them on the trucks. That way, we can identify any manufacturer defects before bringing the items to your location. We are experts in furniture delivery and set up, so you can be confident that you will have a hassle free, damage free installation experience.

### *Product Selection*

SCS has thousands of furniture products that are available for next day or quick ship delivery. We have direct relationships with some of the most respected manufacturers in the industry. From classic to contemporary workspaces, we have the right products to match your company's style and budget. Whether you choose an item from our stock, or place a special order with one of our many partners, SCS will find you the right product, for the best price, delivered in the quickest way possible.
